

MISSION STATEMENT

Project Access's Mission Statement is to provide support, education, and access to healthcare for the residents of Howard County. We are able to do this through

- ◆ Doctor-Donated Care
- ◆ Dentist-Donated Care
- ◆ Medication Assistance
- ◆ Diabetic/Chronic Illness Counseling
- ◆ Community Health Assessments
- ◆ Health Insurance Education
- ◆ Eyeglasses Program
- ◆ Hearing Aid Program
- ◆ Medical Equipment and Supplies Program
- ◆ Intern/Extern/Volunteer Program

Staff Introduction

Each month we are going to introduce and show appreciation to one of our wonderful staff members. Let us tell you about the exceptional

VIE & Programs Coordinator,

Monica Slonaker.

Monica is dedicated to providing access to resources for the community. She networks with many agencies in the community to ensure that community needs are being met. Monica makes sure that we are always looking our best in the community. She orders all the swag items that catches the attention of passerby's and brings more clients to us. Mrs. Slonaker is the coordinator of the Volunteer/ Internship/Externship (VIE) Program.

The goal of the VIE Program is to not only utilize their skills for our benefit, but to help them build on to the skills they already have as well as to acquire new skills.

When Monica is not rushing to community meetings or staying on top of the human resource department here at Project Access, she is spending time with her lovely husband and grandchildren.

Thank you Monica for all your time and dedication to Project Access!

Marketplace Enrollment

Now is the time to change healthcare plans. November 1st through December 15th marks the dates in which open enrollment begins. Families with income greater than 138% of the federal poverty level are eligible for marketplace enrollment. Schedule your appointment with our health navigators today!
